Increasing Access- Parent's Fund Travel Scholarship

The "Increasing Access- Parent's Fund Travel Scholarship" is open to George Mason University students participating in the "Ethical Leadership: Lessons from the Holocaust" study abroad program. This scholarship aims to aid in building and sustaining an inclusive community at Mason. An inclusive student community is essential in order to enhance the quality of the intellectual environment for all of our students and faculty. Recipients will be selected after they have officially applied and submitted their deposit for the program. Each applicant is carefully evaluated by the scholarship committee.

Scholarships will be awarded to up to five (5) George Mason University students to assist with their travel and other related expenses. Scholarships are need- and meritbased. Amounts will vary depending on the decision of the scholarship committee, but will be approximately \$1,000 per recipient.

The purpose of these scholarships is to increase student access to participation in this program. This is done by helping to reduce financial barriers that Mason students may encounter and increasing and diversifying participation in study abroad at Mason. This includes students who:
